

EXHIBIT B: Site Images

Figure 3. Fishermen using fish cleaning table at existing facility, Shelter Cove, Humboldt County, California.

Figure 4. Photograph of seabirds congregating near fish waste disposal pipe at Shelter Cove, Humboldt County, California.

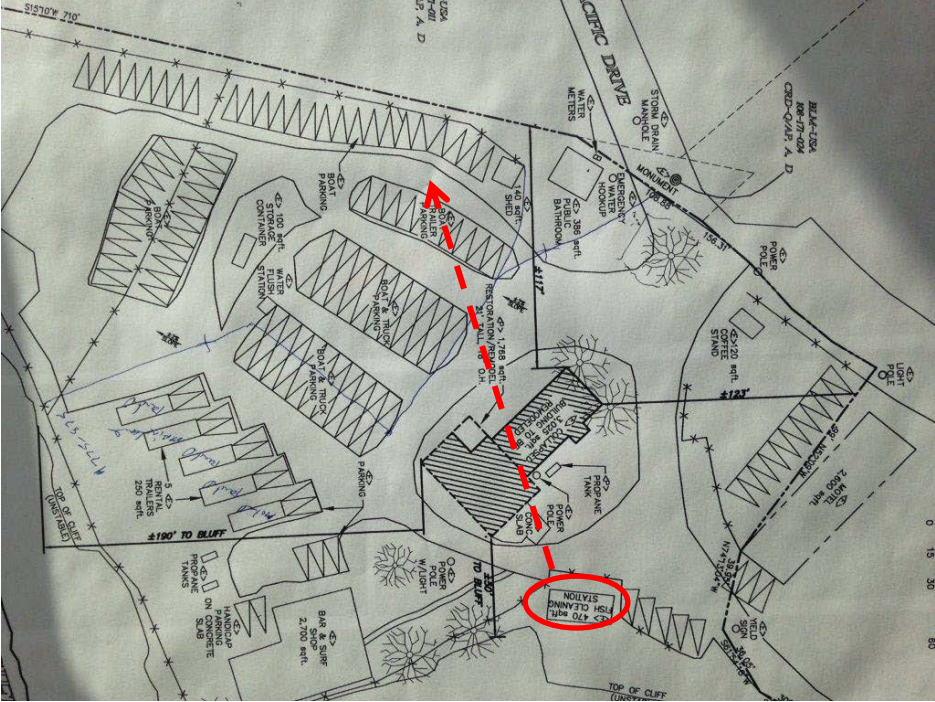

Figure 5. Current plot plan of Shelter Cove Boat Launch Facility. Proposed project includes eliminating current direct discharge from pipe into ASBS by relocating fish cleaning station away from cliff and repurposing fish waste as commercial crab bait and organic fertilizer. Wash water will be plumbed into sewer treatment system.
