DFG Trap Limit Program Draft Regulations – Meeting #2

- Department of Fish and Game (DFG), in consultation with the Dungeness crab task force (DCTF), need to adopt a Dungeness crab trap limit program for all California permits by March 31, 2013
- Here are the **5 Amended Sections**
- These draft regulations would be incorporated in to California Code of Regulations, Title 14 Sections 132.1-132.5
- Timeline included to show how trap program would be implemented by 2013-14 season

Sec. 1 DFG Trap Limit Program Draft Regulations

- Section 1. Dungeness Crab Trap Tags, Department Issued Buoy Tags, and Trap and Buoy Tag Allocations.
- Beginning with the 2013 Dungeness crab season, every Dungeness crab trap aboard a permitted Dungeness crab vessel and fished in California waters shall have a valid tag attached to the Dungeness crab trap and a valid department issued tag assigned to that vessel attached to the buoy.

Sec. 1a. Dungeness Crab Trap Tags

- (a) Dungeness crab trap tags shall be supplied by the owner of the Dungeness crab trap and shall contain **contact information sufficient to identify the owner of the trap**. This tag is required on Dungeness crab traps on board a permitted Dungeness crab vessel. If the information on the tag is illegible or incorrect, or if the tag is missing from the Dungeness crab trap for any reason, the trap will be considered not in compliance, and shall not be used to take Dungeness crab for commercial purposes.
- ***DCTF voted and approved this amendment.***

Sec. 1b. Dungeness Crab Department Issued Buoy Tags

(b) Dungeness Crab Department Issued Buoy Tags.

As required by Section 9005 of the Fish and Game Code, every Dungeness crab trap placed in waters of the state to take Dungeness crab for commercial purposes shall be marked with a buoy. Each Dungeness crab trap on board or fished from a permitted Dungeness crab vessel is required to have a department issued buoy tag affixed to the main buoy, known hereafter as buoy tag, pursuant to the provisions of Section 8276.5(a)(1)(D) of the Fish and Game Code. The department shall mandate the information that is required to appear on these buoy tags. All of the buoy tags allocated to each permit as described in this Section and Section 8276.5(a)(1) of the Fish and Game Code shall be purchased by the permitholder biennially at the same time a Dungeness crab vessel permit is purchased or the permit shall be void pursuant to Section 8276.5(a)(3)(A) of the Fish and Game Code. The nonrefundable fee for each buoy tag is specified in Section 705.

Sec. 1b. Dungeness Crab Department Issued Buoy Tags

- (1) Buoy tags shall not be leased and shall be transferred to another person only as part of a transaction authorized under Section 8280.3 of the Fish and Game Code.
- (2) It is unlawful to remove, damage, or otherwise tamper with buoy tags or trap tags except when lawfully applying or removing tags on the person's own buoys and traps.
- (3) A Dungeness crab trap used in compliance with this section shall only be used for the commercial take of crab.

Sec. 1c. Dungeness Crab Trap and Buoy Tag Allocations

(c) Dungeness Crab Trap and Buoy Tag Allocations.

(1) Pursuant to Section 8276.5(a)(1) of the Fish and Game Code the Dungeness crab trap limit program shall contain seven tiers of Dungeness crab trap limits based on California landings. Landings shall be documented by fish landing receipts submitted to the department in the vessel's name and identification number pursuant to Section 8046 of the Fish and Game Code under valid California Dungeness crab vessel permits between November 15, 2003, and July 15, 2008, inclusive as follows:

<i>(D) Tier 4</i>	<i>350 buoy tags</i>	<i>55 with next highest</i>
<i>(E) Tier 5</i>	<i>300 buoy tags</i>	<i>55 with next highest</i>
<i>(F) Tier 6</i>	<i>250 buoy tags</i>	<i>Remaining permits with next highest that are greater than 5,000lbs</i>
<i>(G) Tier 7</i>	<i>175 buoy tags*</i>	<i>Permits and permits purchased with less than 5,000lbs</i>

*Tags in this tier are not transferable for the first two years of the program as described in Section 8276.5(a)(1)(G) of the Fish and Game Code

Sec. 1c. Dungeness Crab Trap and Buoy Tag Allocations

- (2) The original trap and buoy tag allocation and any modification to this allocation as a result of the appeal process shall remain in effect for the duration of the Dungeness crab trap limit program.
- (3) A permitted Dungeness crab vessel can not fish more Dungeness crab traps than the number of traps and buoy tags allocated to the vessel permit by the Dungeness crab trap limits as described in this section and in Section 8276.5(a)(1) of the Fish and Game Code.

 - (2) Circumstances beyond the control of the permit holder created undue hardship;

Sec. 2a. & 2b. Waivers to Retrieve Another Vessel's Dungeness Crab Traps

- (A) A written request for the waiver must be submitted, along with proof that the permitted vessel is lost, stolen, or destroyed in the form of a copy of the report filed with the United States Coast Guard or any other law enforcement agency or fire department investigating the loss. In the case of mechanical breakdown, the request shall include an estimate of the costs to repair the vessel from a marine surveyor or boat repair yard. The department shall not issue a waiver for a replacement vessel pursuant to this section if the permitted vessel was reported lost, stolen, destroyed, or damaged for fraudulent purposes.
- (4) Any permitholder that is granted a waiver under this section shall not retain any Dungeness crab when retrieving the Dungeness crab traps.
- (b) To accommodate recovery of lost or damaged traps, a Dungeness crab vessel may be allowed up to 6 traps without tags on board the vessel. Such traps may only be transported to shore.
