

California Whale and Sea Turtle Entanglement Discussion
Dungeness Crab Fishing Gear Working Group
Wednesday, September 4, 2019 | 8:30AM – 5:00PM
Thursday, September 5, 2019 | 8:00AM – 5:00PM

Location: Justice Joseph A. Rattigan Building, 50 D. St, Santa Rosa, 95404 | Room 410

Listen only/screen share details: (424) 228-8722 No PIN necessary | www.uberconference.com/strategiearth

*Interested members of the public are invited to attend this working meeting **as listeners only** either in-person or via the conference line. There will not be opportunities for public comment. All participants will be asked to identify themselves. A meeting summary will be made available on the Working Group's webpage: <http://www.opc.ca.gov/whale-entanglement-working-group>.*

Meeting Goal: To discuss modifications of the Risk Assessment and Mitigation Program (RAMP) for the 2019-20 fishing season in consideration of the recent settlement agreement; provide input to inform the California Department of Fish and Wildlife (CDFW) regarding the RAMP rulemaking and Incidental Take Permit (ITP) process.

Meeting Objectives

- *Build a shared understanding of the relationships across the RAMP, ITP process, and settlement requirements and how these parallel and directly related processes will affect the 2019-20 fishing season and inform CDFW's development of the RAMP rulemaking and draft Conservation Plan (CP).*
- *Continue to develop the RAMP for humpback whales, blue whales, and leatherback turtles, including fine-tuning risk factors and identifying management measures, in anticipation of the 2019-20 fishing season, as well as to inform a draft RAMP rulemaking (Title 14) and draft CP.*
- *Consider process for evaluating risk factors in advance of and during the 2019-20 fishing season, including the process for developing recommendations to reduce entanglement risk for consideration by the CDFW Director, and develop 2019-20 Risk Assessment Framework (RAF) schedule.*
- *Identify Working Group recommendation(s), including a process and timeline for sharing meeting outcomes with target audiences together with other activities to be conducted in advance of the 2019-20 fishing season.*

DAY 1: Wednesday, September 4, 2019

Welcome, Meeting Overview & Purpose (8:30am-9:00am)

Confirm all in attendance and Working Group's intentions for the 2-day meeting. Review meeting agenda, approach, goals, and meeting agreements. Reference materials: [List of anticipated meeting participants \(see below\)](#), [meeting agenda](#)

Understanding the Connections (9:00am-10:30am)

Provide updates on the status of available information, including entanglements and the reflections during 2018-19 RAMP and how they will inform discussions on subsequent agenda topics throughout the meeting. Overview of the relationships across the RAMP, CP/ITP process, and settlement requirements. Confirm shared understanding of how these parallel and related processes will inform this meeting, planning for the 2019-20 fishing season and CDFW's development of a RAMP rulemaking and draft CP. Reference materials: [CDFW Settlement Implementation presentation](#), [Habitat Conservation Plan Handbook](#), [Working Group Work Plan](#), [Conservation Plan Overview](#), [Management Timeline](#), [APA Principle](#)

Review and Refine Draft RAMP Regulations (10:30am-4:30pm, includes Working Lunch*)

Discuss draft RAMP regulation concepts and finalize core components for inclusion in the rulemaking and to inform the 2019-20 fishing season. Review an interim list of management measures and updated risk assessment factors for humpback whales, blue whales, and leatherback turtles including objective criteria and thresholds. Where possible, make connections between management measures and risk thresholds to support future Evaluation Team efforts. Reference materials: [CDFW RAMP Integration and Management Measures 'straw' proposal](#)

Updates and Planning for Day 2 (4:30pm-5:00pm)

As information is available, provide a brief update on the status of General Funds. Recap Working Group discussions from Day 1, identify Day 2 meeting priorities, and provide "homework" for Working Group participants' to complete prior to arriving on Day 2. Note: Discussion may require modifying the Day 2 agenda listed below.

Adjourn Day 1

DAY 2: Thursday, September 5, 2019

Recap of Day 1 (8:00am-8:30am)

Review discussions, agreements, and ideas discussed during Day 1. Confirm Day 2 meeting goals and anticipated outcomes.

Continue to Review and Refine Draft RAMP Regulations (8:30am-10:30am)

Continue to fine-tune management measures and the RAF for humpbacks, blues, and leatherbacks. Where possible, make connections between management measures and risk thresholds to support future Evaluation Team efforts. Consider how available data streams, risk factors, and management measures, including gear innovations, could evolve to support adaptive management. Review and discuss criteria and thresholds that will be used during the 2019-20 fishing season.

2019-20 RAMP Planning (10:30am-3:30pm, includes Working Lunch*)

Informed by the RAMP discussions on Day 1 and 2, together with the settlement agreement, consider process for evaluating risk factors in advance of and during the 2019-20 fishing season including Evaluation Team process to consider, develop, and forward recommendations to reduce entanglement risk to the CDFW Director. Draw on available information related to the risk factors. Develop 2019-20 RAF meeting schedule based on settlement requirements. [Reference material: Draft 2019-20 RAF schedule](#)

Confirm Meeting Outputs and Work to be Conducted in Advance of 2019-20 Season (3:30pm-4:30pm)

Where appropriate, confirm Working Group recommendation(s) and identify a process and timeline for sharing meeting outcomes and other communications with commercial and recreational Dungeness crab fishermen and the fishing industry, whale watch operators, decision makers, and other target audiences. Confirm product development, work plans, and other activities to be conducted September-November, including finalizing the 2019-20 Best Practices Guide. Identify roles and responsibilities of Working Group participants. [Reference material: Draft 2019-20 RAF schedule](#)

Recap and Closing (4:30pm-5:00pm)

Adjourn

*Members of the public are invited to join the working lunch session on Days 1 and 2. We recommend meeting attendees bring lunch with them, however, a brief break will be made available for folks to get lunch at a local restaurant.
