RE: Submission for Agenda Item #10 (Public Comment on Non-Agenda Items) for Ocean Protection Council meeting on Tuesday January 24, 2023

The Coalition for San Francisco Neighborhoods would like to take this opportunity to welcome State Controller Malia Cohen to the Ocean Protection Council.

Like her predecessor, Betty Yee, Malia Cohen is a born and raised San Franciscan and we are proud to call her one of our own.

The Coalition looks forward to working with Kristina Kunkel of the Controller's Office on ocean protection issues.

The Coalition's focus is on the waters off San Francisco's Ocean Beach.

Since 2014, the Coalition has been advocating for this area to be included in the National Marine Sanctuary system.

The Coalition has also advocated for this National Marine Sanctuary status at the State Lands Commission meetings.

Now that California has adopted its own 30x30 strategy as an offshoot of the Biden Administration's 30x30 strategy, the Coalition will be advocating for a National Marine Sanctuary designation for the waters off San Francisco's Ocean Beach in conjunction with the State's 30x30 strategy.
