

March 10, 2023

Dear California Dungeness Crab Commercial Permit Holder,

This letter is to request your nominations for representatives to the California Dungeness Crab Task Force (DCTF). Your participation in this process is extremely important to the future of the California Dungeness crab fishery. The representative(s) elected from your home port will communicate your views on the fishery's management and develop recommendations for the California Legislature, California Department of Fish and Wildlife (CDFW), and California Fish and Game Commission (FGC). **Please email or mail the enclosed Nomination Form by April 10, 2023 (details below).**

Fish and Game Code Section 8276.4 requires elections be held to ensure that the Dungeness crab fishery is adequately and appropriately represented in the management of the fishery. DCTF commercial fishing elections are being administered by the California Ocean Protection Council (OPC) in coordination with CDFW. Commercial fishermen will be elected to the DCTF by their peers to represent their home port complexes. For more information about the composition of the DCTF, please see the enclosed Frequently Asked Questions document.

DCTF Election Process and Timelines

DCTF elections shall be held every three years in each port, on a staggered basis across ports. For 2023, the ports of Eureka, Bodega Bay, Half Moon Bay, and the non-resident Dungeness crab seat will be up for re-election. Elections will be carried out with two separate mailings:

- 1. Mailing #1: Nomination Form** - All valid California Dungeness crab permit holders will receive a form to nominate individuals for the DCTF. See enclosed Nomination Form for additional details and instructions.
- 2. Mailing #2: Ballot** - Ballots will be compiled from the list of nominees for the ports up for reelection in 2023 and all registered permit holders in these ports will receive a ballot. Votes tallied from these ballots will determine the members who serve on the DCTF.

Results of the 2023 DCTF elections will be posted on OPC's website and shared via the DCTF email list. Please see the enclosed Frequently Asked Questions document and Production Table document for more details.

Your involvement in the election process is extremely important to the future of the California Dungeness crab fishery. To guarantee your participation in the voting process, please email or mail the enclosed Nomination Form no later than **April 10, 2023**. If you have any questions about the DCTF or election process, please contact:

Noah Ben-Aderet, Ocean Protection Council

Noah.Ben-Aderet@resources.ca.gov, (858) 768-0870

or Christy Juhasz, California Department of Fish and Wildlife, Marine Region

Christy.Juhasz@wildlife.ca.gov, (707) 292-2480

Thank you for your time and cooperation.

Sincerely,

A handwritten signature in black ink that reads "Jenn Eckerle". The signature is written in a cursive, flowing style.

Jenn Eckerle

Executive Director, Ocean Protection Council

Deputy Secretary for Oceans and Coastal Policy, California Natural Resources Agency

Frequently Asked Questions: Dungeness Crab Task Force Commercial Fishing Elections

March 2023

What is the Dungeness Crab Task Force (DCTF)?

The DCTF is an advisory body that reviews and evaluates Dungeness crab fishery management measures and provides recommendations to the Joint Committee on Fisheries and Aquaculture, California Department of Fish and Wildlife (CDFW), and the Fish and Game Commission (FGC). The representative(s) elected from each home port will represent and communicate their respective port/production level's views on the fishery's management and develop recommendations for the State of California. Pursuant to subsection (e)(1) of Fish and Game Section 8276.4, recommendations can be made no later than January 15, 2022 and every three years thereafter through 2028.

What is the composition of the DCTF?

The composition of the DCTF is described in Fish and Game Code Section 8276.4. The DCTF is comprised of various members, including commercial and recreational fishermen, a member representing commercial passenger fishing vessel (CPFV) interests, crab processors, as well as non-voting members from non-governmental organizations (NGOs), California Sea Grant and CDFW. The 17 commercial fishermen will be elected by their peers to serve on the DCTF. For more information and to sign up for the DCTF listserv, visit the DCTF homepage:

<https://www.opc.ca.gov/2009/04/dungeness-crab-task-force/>.

How many representatives will each port have?

Home port complexes and representation are as follows:

- Crescent City, 3 members
- Trinidad, 1 member
- Eureka, 2 members
- Fort Bragg, 2 members
- Bodega Bay, 2 members

- San Francisco, 2 members
- Half Moon Bay, 2 members
- Ports south of Half Moon Bay, 2 members
- California nonresident crab permit holders, 1 member (includes all out of state vessel port registrations designated as Unknown)

For ports with two elected members, one member shall represent the upper production level and one member shall represent the lower production level. For ports with three elected members, one member shall represent the upper production level, one member shall represent the lower production level, and one member shall represent both the upper and lower production levels.

How are production levels calculated for the purposes of the DCTF elections?

Subsection (b)(2) of Fish and Game Code Section 8276.4 states, upper and lower production levels will be determined based on average landing, during the five-year period before the beginning of an election cycle of valid permit holders who landed a minimum of 25,000 pounds in that period. The CDFW extracted landings data for those permits that are registered to each port area that requires a determination of production level for the 2023 election. CDFW totaled the statewide landings for each of these permits for the last 5 seasons between 2017-18 and 2021-22. The average for each port area was determined by all permits who landed at least 25,000 pounds in the five seasons prior to the election. Everyone who landed more than the average is placed in the upper production level and everyone who landed below the average, including those who landed less than 25,000 pounds, are placed in the lower production level for the purposes of DCTF elections. This calculation is specific to each port and therefore the division between the upper and lower production level varies from port to port.

For ports with one elected member (Trinidad and nonresident), the member shall represent both the upper and lower production levels. Please see enclosed Production Table document for more details.

How does my production level relate to my pot tier?

Production levels are calculated ONLY for the purposes of creating the DCTF as outlined in statute and does not consider your pot tier (see above question and answer for details).

How will DCTF commercial fishing elections be carried out?

The California Ocean Protection Council (OPC) and CDFW will carry out the elections as described in Fish and Game Code Section 8276.4. Commercial fishermen will be elected to the DCTF by their peers to represent their home port complexes. DCTF elections shall be held every three years in each port, on a staggered basis across ports.

Group 1 Ports: DCTF Elections in 2025 and 2028

The last election in these ports was held in 2022. If your vessel's registered home port is in any of the following port complexes, you are eligible to vote in the Group 1 DCTF elections in 2025 and 2028:

- Crescent City (includes all California ports north of Trinidad)
- Trinidad
- Fort Bragg (includes all ports in Mendocino County)
- San Francisco (includes ports within San Francisco Bay)
- South of Half Moon Bay (includes all ports from Monterey Bay south)

Group 1 fishermen are able to nominate individuals in both Groups 1 and 2, however they will only be eligible to vote in their respective Group 1 home port election.

Group 2 Ports: DCTF Elections in 2023 and 2026

The last election in these ports was held in 2020. If your vessel's registered home port is in any of the following port complexes, you are eligible to vote in the Group 2 DCTF elections in 2023 and 2026:

- Eureka (includes Shelter Cove and all ports within Humboldt Bay)
- Bodega Bay (includes Bolinas and all ports within Tomales Bay)
- Princeton-Half Moon Bay
- Non-resident California Dungeness crab permit holder (includes all out of state vessel port registrations designated as Unknown)

Group 2 fishermen are able to nominate individuals in both Groups 1 and 2, however they will only be eligible to vote in their respective Group 2 home port election.

Who is allowed to participate in DCTF commercial fishing elections?

Valid Dungeness crab permit holders are eligible to vote in the port complex where the vessel is registered. In an election year, all elected members in a port are subject to reelection.

How is my homeport determined?

Your home port is the port at which your vessel is registered with CDFW. If you would like to request a change to your home port, you must submit the change to CDFW's License Revenue Branch (LRBCOMM@Wildlife.ca.gov) based on your vessel registration documents (either via the California DMV or the US Coast Guard).

How do I participate in the elections?

During each election cycle, elections will be carried out with two separate mailings:

Mailing #1: Nomination Form: The entire fleet will receive a letter to solicit nominations, regardless of their homeport. We request that you nominate several Dungeness crab commercial fishing permitholders to serve on the DCTF – self nominations are welcome and encouraged. To participate in the nomination process, commercial Dungeness crab permitholders must provide their CDFW vessel ID number, commercial fishing permit number, and updated contact information. Please also indicate if you would be willing to serve on the DCTF if elected.

Mailing #2: Ballot: Ballots will be compiled from the list of nominees. Only permitholders within the specific election Group (e.g. Group 1 or Group 2 Ports – see above) will receive a ballot in that election year and will only be able to vote for their representative(s) in the same registered home port complex/production level combination. Each permit represents one vote and permitholders with more than one permit will be able to vote for each port complex/production level combination that their respective permit represents. Votes tallied from these ballots will determine the members who serve on the DCTF.

How will I learn about the results of the election?

Results of the DCTF elections will be posted on OPC's website and shared via the DCTF listserv.

DUNGENESS CRAB TASK FORCE (DCTF) ELECTIONS: NOMINATION FORM

To ensure that your nominations are included in the next mail-out, please email this form by **April 10, 2023**, or send in the mail postmarked no later than **April 10, 2023**. Please see the “How to Return this Nomination Form” section on page 2.

If you have any questions about this form, please contact:

Noah Ben-Aderet, Ocean Protection Council
Noah.Ben-Aderet@resources.ca.gov, (858) 768-0870

Christy Juhasz, CDFW Marine Region
Christy.Juhasz@wildlife.ca.gov; (707) 292-2480

Please print clearly.

Remember to fill out one form per permit.

If there are multiple names on your permit, please select the primary permit user to represent your permit number.

Only one Nomination Form will be accepted per permit – if you hold multiple permits, please complete one form per permit. You should receive one letter for each permit; however, if you do not, a copy of the form is available on the DCTF webpage.

Failure to list a name or permit number on the form will invalidate your nomination(s).

The information you provide in this process will be considered private and confidential.

Name _____

(Only ONE name per permit will be accepted. If there are multiple names associated with the permit, please select the primary permit user)

CDFW Vessel Identification # _____

Commercial Fishing Permit # (e.g. CTXXXX) _____

Boat Name _____

Phone # _____

Email Address _____

Mailing Address _____

If elected, would you be willing to serve on the Dungeness Crab Task Force?

_____ YES _____ NO

Please list the names (and boat name if you know it) of individuals that you wish to nominate for the Dungeness Crab Task Force from the ports of Eureka, Bodega Bay, Half Moon Bay, and the non-resident Dungeness crab seat. Self-nominations are welcome and encouraged. List as many nominees as you would like:

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Thank you for your time and cooperation.

How to Return the Enclosed Nomination Form:

Option 1: Email:

Email the completed Nomination Form to the below email address no later than **April 10, 2023**. You may take a photo of the completed form to include in the email. The Nomination Form is also available on the DCTF webpage (<https://www.opc.ca.gov/2009/04/dungeness-crab-task-force/>).

Christy Juhasz, CDFW Marine Region; Christy.Juhasz@wildlife.ca.gov

Option 2: Mail:

Mail the completed Nomination Form to the below address, postmarked by no later than **April 10, 2023**.

Christy Juhasz
Marine Region/California Department of Fish and Wildlife
3637 Westwind Blvd.
Santa Rosa, CA 95403

**DUNGENESS CRAB TASK FORCE (DCTF) 2023 ELECTIONS:
FIVE-SEASON LANDINGS AVERAGE TO DETERMINE PRODUCTION LEVEL
BY PORT COMPLEX**

February 2023

Port Complex up for DCTF Elections in 2023	Five Season Landings Average (lbs) (2017-18 to 2021-22 seasons)*
Eureka	140,967
Bodega Bay	107,070
Princeton/Half Moon Bay	111,284

*Average is subject to change based on any updates to landings and vessel registration that may occur during the nomination process.
