

Dungeness Crab Task Force (DCTF) 2026 Elections: Five-Season Landings Average to Determine Production Level by Port Complex *March 2026*

Port or Representative Seat up for DCTF Elections in 2026	Five Season Cumulative Landings Averaged (lbs) Across Applicable Permits to Determine Production Level (2020-21 to 2024-25 seasons)*
Eureka	145,030
Bodega Bay	134,630
Half Moon Bay	168,473
California Non-Resident Permitholder	N/A

*Applicable permits are based on registered home port and five season cumulative landings of at least 25,000 lbs. Permits having cumulative totals greater than the average are considered upper production level while permits having cumulative totals below the average are considered lower production level, including those who landed less than 25,000 pounds. Average is subject to change based on any updates to landings and vessel home port designation that may occur during the nomination process.
